

# Family Information Service

The Family Information Service (FIS) has been providing free, impartial information and advice to families in North Lincolnshire for over 20 years.

We aim to provide an efficient, accessible information service to support parents, carers and families in North Lincolnshire.

## Information we provide

We have a wide range of information for children and young people aged 0 to 20 and their families including:

- contact details of Early Years and Childcare providers
- advice on how to choose high quality childcare
- information on help available with meeting the costs of childcare
- statistical data on the childcare sector
- an online children and young people's activity guide
- a directory of local and national services to support families
- signposting to parenting/family support
